WANDERER

HEAVY DUTY OFF-ROAD

Head off the beaten track with the heavy duty 3.5t Tuff Ride suspension. It's the perfect setup to travel down those corrugated or unsealed roads!

MODERN LIVING

The Wanderer range is a next generation van! It offers a smart design by optimising both internal and external spaces to create a very functional living zone that the whole family can enjoy.

Step inside and you'll find a modern contemporary finish with stone or timber look benchtops and the option of copper, stainless, black granite, gold or white sink which give you a unique living space that you will feel right at home with.

OFF GRID

Take off with no plans to return! On board you've got 190Ltrs of fresh water, 420 watts of solar and 200amps of lithium battery so you'll be able to live off grid and get that break that you have always wished for!
